

PRIOR to Dermapen / Dermapen for Pigmentation

- Let your therapist know if there are any changes in your medical history, medications and/or supplements prior to your treatment
- Do not have treatments that may irritate the skin for 1-2 weeks prior to treatment (waxing, depilatories, etc)
- If treating for pigmentation you must use a brightening serum during your course of treatments
- Discontinue use of products containing Vitamin A 24 hours prior to treatments
- Discontinue use of topical prescription Vitamin A 14 days prior to treatments
- Do not have any Anti-Wrinkle Injections in the treatments area for 2 weeks
- Do not have any Dermal Filler Injections in the treatment area for 4 weeks
- History of Herpes or cold sores may require an anti-viral prescription prior to treatment
- **MALES:** Shave the area 24 hours prior to skin needling, not doing so can prevent you from having treatment in the area

If you have any questions, or experience any other side effects from the treatment not listed on this page, please contact us on

POST Dermapen / Dermapen for Pigmentation

- Skin may feel dry and tight for 48-72 hours post treatment. Apply Post Treatment Balm to keep the skin occluded, protected & hydrated
- Swelling & Redness is common. You can apply Soothing Serum or Post Treatment Balm
- Avoid makeup for 24 hours to avoid the risk of post treatment infection. We recommend using Cover Recover - a breathable SPF30 medicated camouflage foundation to aid in recovery, it provides coverage for post-procedures such as Dermapen to and gives superior cooling, calming, moisturising and healing properties. Cover Recover is available to purchase through our stores.
- Do not pick or peel any dry/ flaky skin. You may exfoliate gently after 3 days
- Avoid heat and perspiring (hot tubs, saunas, etc) for 48 hours
- Avoid use of products containing Vitamin A, Salicylic/Glycolic acid 3 days post treatment
- Skin may be more sensitive to the sun. Use a Broad-spectrum UVA/UVB SPF30 sunscreen
- No other treatments in the treated area for 2 weeks
- Follow your skincare regime as instructed by your therapist
